

Library Adventure

Floor 2

Welcome to your library adventure! Discover and explore Floor 2 of the library. You have 30 minutes to finish.

Take a photo of your group at each location on your floor to show you completed the adventure.

1

Art: Find an artwork on Floor 2. This can be a painting, picture, or sculpture.

2

Help desk: Science and Engineering

Go to the Science and Engineering help desk and talk to the person there. Choose one of the questions if you need ideas:

- How do I check out a book?
- How do I check out a charger?
- What kind of things can you help me with?

3

Study spot: Explore Floor 2 and find a study spot in an area not near the help desk you went to.

Once you have finished exploring, head to the **Research and Writing Center (RWC)** on the 3rd floor to show your photos and be rewarded.
